WHAT A [illegible] DID

THE STORY OF HOW GARRETT SCHOOL FOUND ITSELF.

A RECORD OF PROGRESS

Vitalized Agriculture and a School Board Alive to Needs Has Worked Transformation.

A year ago a visitor at Garrett school, three miles southeast of Maryville would have found the little unpainted rural school building just like thousands of others scattered over the country—uninviting, with bare walls and rows of desks, poor ventilation, inadequate heating facilities, a piece of blackboard that defied chalk and eraser, and some fifteen pupils dawdling over books, or reciting sing-song in an indifferent fashion the things they had tried to learn, the teacher doing her best to arouse enthusiasm for the work but with little success.

A year later finds conditions so changed that the visitor is amazed at the transformation that has taken place. Instead of bare walls nicely framed pictures hang at intervals, a new furnace and ventilating plant give a comfortable warmth, instead of a dilapidated black board is a new one that is easy to write on. But that is not all. A water fountain has been installed, an upright piano occupies one corner of the room and song books have been provided; a door mat at the entrance suggests that clean shoes are desirable, while a sand table offers opportunity to study typographical geography and other practical things.

Outside the school room are also evidences of activity for new and sanitary toilets have been built, a workshop has been built and completely equipped with all kinds of tools for carpentry and other work and around in front is a flag pole from which floats a handsome American flag.

What's the answer?

There are two answers, either, or both of which will do. Vitalized agriculture was introduced into the school and instead of having to memorize uninteresting figures and meaningless sentences new and compelling things—secrets that old mother earth had long been hiding—must be found out. That part of it is a long story.

Next, the school board members got the vision of a bigger and better school—a school that would be of real worth to the pupils and to the community and they set about seeing that the things necessary were provided.

And the pupils and teacher at Garrett school are proud of their efforts, for much of the improvement is the result of their own work, the work shop, the sand table, the flag pole, the pictures and a dozen other things that add to the attractiveness of the place and aid in practical schooling. And best of all, the teacher did not have to get up box socials, or pie suppers or plays or entertainments to secure the money necessary to purchase the things they wanted. The school directors fell in with the progressive idea and, with patrons of the school, soon effected the transformation. A year ago the pupils came to school with lagging steps and were eager for the closing hour. It's different now. The opening bell finds most of the pupils in their seats or rather about their work and the closing hour finds them too busy with carpentry, or seed testing, or fruit drying, or sewing or a dozen other things, to go home until late in the evening.

The vitalized agriculture plan was introduced last spring. This year the pupils are studying carpentry which includes making such things as mail boxes, wash benches, saw horses, tool cases, mitre boxes, book racks, coat hangers, drying racks, etc., for each of which working specifications are furnished. Then there is rope work, relaying and whipping, learning to tie various kinds of knots, making hitches, splicing, mending broken stands. The girls learn to do the same things as the boys and in addition are being taught sewing, which includes work for the Junior Red Cross.

A visitor the other day found a complete fruit drying plant in operation with apples and other fruits being dried by artificial heat. Last spring the pupils tested corn for every farmer in the district and little was planted that had not been tested. Most of the articles needed in the work are made in the shop or in the school room.

Miss Mary Watson is teacher at Garrett, this being her second year there. Fourteen pupils are enrolled with attendance equaling the enrollment.

Composing the school board are: George Sorrie, Charles Wells and Jesse Douglas.

BURIED BY HIS COMRADES

Lieut. O. L. Mowry, Who Died While Prisoner in Germany, Given Military Funeral at Villagen.

D. N. Mowry of Graham, brother of Lieut. Otto L. Mowry, who died of pneumonia while a prisoner in Germany, has received a letter from six of his comrades, members of the I. O. O. F., giving details of his death and telling of the burial service, also sending photographs which are of interest to the family. The letter follows:

Camp Villagen-Baden (Germany)
November 6th 1918.

Mr. D. N. Mowry, Graham, Mo.

Dear Sir: The members of the I. O. O. F. prisoners in Germany, grieve with you in the death of your brother and their comrade and brother, Otto L. Mowry. He was captured Aug. 22, 1918, near Fesmis, France, after being slightly wounded in the right hand and being slightly gased. He received medical attention and arrived in this camp (Villigen-in-Baden) Oct. 25th, 1918, suffering from a bad cold and probably LaGrippe. He was given the best medical attention and shortly thereafter taken to the hospital in this city. Nov. 2nd, 1918 he died of pneumonia. On Nov. 4th he was given a military funeral and was buried in the illigen cemetery, lot No.— The officers (prisoners) attended the funeral in a body and an English speaking Protestant minister conducted the services in a very impressive manner. The members of the I. O. O. F. acted as pall bearers and the German officer in command of the camp, in a few appropriate words, presented a wreath in behalf of the German officers and men, guaranteeing that the grave would be protected and cared for and his honor guarded as one of his own officers. Other flowers were presented by the officers of the camp, and the I. O. O. F. To his family and friends we wish to offer our heartfelt sympathy, and at the same time are glad to be able to report that all possible was done for him during his short illness and that his burial was a Christian burial, and such we believe his family would have desired if actually present. Enclosed find a number of photographs which will be of interest.

OFFICERS ARE ELECTED

W. O. Garrett Heads Directorate with E. E. Carver, W. C. Pierce and O. J. Wilhoyte on Ex. Com.

A meeting of the board of directors concluded the annual meeting yesterday of stockholders of the Standand Poland China Record Assiciation, the following being elected to serve in an official capacity during the year: Chas. D. Bellows, as treasurer; W. O. Garrett, chairman of the board of directors; members of the executive committee: E. E. Carver of Guilford and W. C. Pierce and O. J. Wilhoyte, both o Maryville.

On adoption of a resolution the bylaws of the association were changed to permit a meeting of the directorate immediately following the meeting of the stockholders, it having formerly been required to wait until the day following the stockholders meeting in order to hold a meeting of directors.

Yesterday afternoon was taken up with discussion of some of the plans for the coming year which included the giving of premiums at state and county fairs. The premium award committee will meet in the near future to determine what form the premiums shall take. Last year more than $1,000 was spent for silver cup trophies. It is expected that cash premiums will be added this year.

Officers and stockholders of the association expressed themselves as particularly pleased and gratified, not to say astonished at the remarkable and splendid showing made during the year when an increase of almost fifty per cent was shown in all departments of the business. What had at first looked like it might be an off year, with members being interested in war activities and with restrictions in most lines of business proved to be no bar to Poland China expansion, and from 1917 receipts of $16,912 there was an unprecedented increase for the year to $24,510. The office, under the able direction and management of Secretary Frank Garrett, also came in for a large share of appreciation of the members.

H. L. RAINES HOME.

Attends Funeral for T. F. Emmert at Tarkio Yesterday Afternoon.

H. L. Raines and daughters, Mabel, Evelyn and Laura Margaret, returned last night from Tarkio, where they attended the funeral of Mrs. Raines' father, T. J. Emmert, who died Sunday afternoon.

The services were held at 1 o'clock yesterday afternoon at the home, Dr. and Mrs. C. H. Coe and M. L. Beattie of this city also attended the funeral. Mrs. Raines remained for a longer stay at Tarkio with her mother.

Mr. Emmert was one of the pioneer merchants of Tarkio and was widely known through this section of Missouri. He started in business there when a young man and remained continuously since. His daughter was the third white child born in the town. Mr. Emmert is survived by his wife, one daughter, Mrs. Raines, and two sons, Sam and H. B. Emmert.

Herschel Wiles Released.

Herscel E. Wiles returned this morning from Jefferson Barracks, St. Louis, where he reported several days ago and received his discharge from military service. Young Wiles enlisted in the limited service division and four months of the time has been employed as clerk at the local draft board office. He expects to remain in Maryville and has announced his candidacy for nomination for the office of collector for Polk township on the Republican ticket.

Arthur O'Banion of Ravenwood has been very ill for several days and his condition today is critical.

LARGE CROWD IS EXPECTED

Meeting Tonight to Discuss Commission Plan and Coming Election Attracts Wide Attention.

With committees from the Commercial club disposing of tickets to the luncheon and meeting tonight at the Bainum hotel of citizens to discuss the commission government plan to be voted on next Tuesday, there promises to be a large attendance. While no formal program has been announced it is expected that the meeting will be in the nature of a discussion of points that may prove of benefit to Maryville and what the adoption of the plan would mean in the way of betterment for the city and its financial problems.

Members of the club are enxious to have a large representation of citizens, as opinions and expressions will be asked with a view to shedding all the light possible on the matter. The supper will be served at 6:45 and tickets may be secured of Secretary G. A. Pickens or may be had at the Bainum before supper. An invitation to attend is open to every citizen of Maryville.

JOB HUNTERS BUSY

ARMY OF CANDIDATES FLOCK TO JEFFERSON CITY.

A LARGE NUMSER WOMEN

Samuel F. O'Fallon of Holt County, Is Elected Speaker of the House By a Vote of 44 to 27.

Jefferson City, Mo.—The most remarkable feature of the gathering of the members of the legislature here is the augmented army of candidates for every job, both small and great, as legislative jobs go. It appears that most of the Democrats who held jobs in the house two years ago have now transferred their affections to the senate, since that body is Democratic and the house Republican.

A large number of women and girls want jobs. Between the two houses there will be about 500 jobs, and there is an average of from two to five candidates for each place. It seems that the women and girls far outnumber the men.

An odd contest is on over folder of the senate. Mrs. F. M. Brown, a widow with three sons in France and Belgium, is seeking this place and three unusually pretty girls are in the same race. The girls have all the advantage of youth and good looks, while Mrs. Brown appeals to the patriotic side of the senators, most of whom have sons in the army. Two of Mrs. Brown's sons, both volunteers, and both with the fighting men are yet under age.

Samuel F. O'Fallon, representative from Holt county, was elected speaker of the house by a vote of 44 to 27 in the Republican house caucus. O'Fallon, who while he has not served in recent sessions, has a splendid legislative record earned in earlier years, was proposed for speaker immediately after the November election.

ROBERT GROOPE IS HOME

Will Spend Ten Days with Parents and Then Go to Reconstruction Hospital at Des Moines.

Robert Groppe, who has been attached to the 93rd Aero squadron in England, arrived in Maryville last night on a ten days furlough to be spent with his parents, Mr. and Mrs. Peter Groppe. At the expiration of his furlough, Robert will go to the reconstruction hospital at Fort Des Moines, Ia., to remain there for treatment for injuries received several months ago. He arrived in the States December 21, and remained in a camp at New York City until he was sent to Des Moines. He arrived there yesterday morning.

Robert was a mechanician in the air squadron. He entered military service in August, 1917, and was sent to England early the following spring. He was struck by a propeller blade of a plane and both arms were broken. One bone of the upper right arm was broken and both lower bones and one upper bone of his left arm were broken and the left elbow shattered. The left arm is now entirely well and he will remain at the Desmoines hospital until

GRADUATES READY

FINAL EXERCISES OF MID-WINTER CLASS FRIDAY NIGHT.

AWARD CLASS HONORS

Class Address by Rev. W. C. Ferguson Who Will Speak on "The Price of Power"—The Program.

Members of the mid-winter graduating class and their friends are eagerly anticipating the graduation exercises at the High School tomorrow night, the chief reason, aside from the fact that diplomas will be given, is that announcement will be made by Superintendent J. M. McDonald of class honors, for these are as highly prized as are the coveted sheepskin.

The class address will be delivered by Rev. W. C. Ferguson, of the First Baptist church, his theme being, "The Price of Power," following which the class will be presented by Principal L. E. Zeigler to the Board of Education; diplomas will be awarded by Prof. C. A. Hawkins, after which will come announcement of class honors.

Musical numbers will include a solo by Mrs. F. P. Robinson and the Class March by the High School orchestra.

The class play tonight by the young ladies of the class and other class exercises promises a large audience, for the graduating classes have established a reputation for presenting something worth while in whatever they undertake and their friends and the public have yet found no occasion to be disappointed. An admission of 25 cents for adults and 15 cents for school children will be charged tonight. There will be no admission charged for the graduation exercises Friday night.

STRIKE OF MARINE WORKERS

12,500 Out in New York, Tying up Business of City—Situation Believed to be Serious.

New York, Jan 9.—New York was paralyzed today as the result of the strike of practically 12,500 marine workers. The city and its environs were confronted with a situation which is believed by many to be the most precarious in its history. 3,000 additional boat captains, mates, firemen, water tenders and deck hands engaged on harbor craft in the sound or at sea are expected to strike during the day. A vote will be taken by 45,000 longshoremen tomorrow to determine whether they, too, will walk out.

STRATFORD SAUNDERS INJURED.

Badly Bruised When Knocked Down by Runaway Horse.

Stratford Saunders of Skidmore was quite badly injured yesterday when he was struck by a runaway horse and knocked down. His shoulder and side were badly hurt and he suffered numerous bruises.

The horse was one belonging to the mail carrier, Ed King. It became frightened and ran down the main street dragging the mail wagon. Mr. Saunders attempted to stop the animal and was knocked over.

SHOE PRICES TO BE HIGHER?

Shoe Men in National Convention Favor Conservative Styles.

Bruce Montgomery returned this morning from St. Louis, where he has been attending the convention of the National Shoe Retailer's association. He reports that it was the best and biggest convention ever held. The meetings were held at the Hotel Statler and over 3500 retail shoe dealers from all over the country were present. The dealers voted to keep styles and colors conservative for the next year. Brown, grey, black, and white will be the prevailing shoe colors for this year. Prices will be a little higher, due to the continued embargo on fine leather and the scarcity of skilled labor.

RADICALS GAINING

REPORT THAT GOVERNMENT WAS VICTORIOUS OVER SPARTACIDES IS DOUBTFUL.

HUNDREDS ARE KILLED

Bolshevists Are Said to be in Control in Dusseldorf, Mannheim, Ojerahausen and Other Cities—May Move Government From Berlin.

Berne, Jan. 9.—American troops will go to Berlin to restore order it is reported in Amsterdam today, according to a message from that city.

Zurich, Jan. 9.—That the German government has won a victory over the Spartacides is doubtful and official circles in Berlin expect the terrorist movement to continue for at least a fortnight, it was reported from the German frontier today. Fresh firing is said to have broken out in Berlin.

Copenhagen, Jan. 9.—Although late advices from Berlin state that government troops had entered and were gaining the upper hand over the Spartacides, a dispatch filed at noon yesterday and reaching here this morning said at that time the Spartacides were almost in control of the city in strategic points.

Berne, Jan. 9.—A new capital may be established in Germany and the seat of the government moved from Berlin to Thuringia in the central part of the country, the Frankfeurter Zeitung announced today.

Berlin, Jan. 9 (via Copenhagen). — German troops supporting the Ebert government entered Berlin today and drove back the Spartacides. Troops came from Potsdam. There was a struggle at the offices of the Wolff Bureau, where four loyal soldiers were killed. Spartacus troops were driven from the Tiergarten and the adjacent streets. Heavy forces of government troops are enroute to the city. As this dispatch is being filed local forces were fighting to recapture the building that the Spartacides occupied. The Spartacides were ejected from the state printing offices after sharp fighting. The government is again in control of the railways. The fighting is constant. The government position was strengthened during the day and at six o'clock this evening traffic was recommenced on urban railways. Troops, including both regular and volunteers are coming to the support of the government. They are well equipped.

Copenhagen, Jan. 9.—Twelve hundred persons were killed and many were wounded in Berlin since last Monday. In Munich a mob of 5,000 unemployed men and women was attacked by machine guns, two being killed. In Dusseldorf a Bolshevik republic was proclaimed. In Scherin, a junker stronghold, the Bolsheviki were driven from the barracks and public buildings. The Spartacides are in complete control of Mannheim and Ojerhausen, the latter having proclaimed a Bolshevik government. At Nurberg the Reds seized the newspapers and there are daily demonstrations in the streets. Munich, Hamburg and Frankfort are solid in favor of the Ebert government. Newspapers in Germany state that Berlin has become an insane asylum. The Reds captured the ammunition factory at Spandau and are storming the citizens.

Amsterdam, Jan. 9.—Allied troops are on their way to occupy Berlin at the request of Chancellor Ebert, according to a report circulated in Berlin today.

London, Jan. 9.—A hand grenade was thrown into a crowd of 10,000 persons in front of the chancellor's palace in Berlin and many were killed and wounded, said a Rotterdam dispatch to the Telegraph today.

How a Father Has Learned to Save Shoe Bills.

"My son is very hard on shoes, so keeping him properly shod has been quite an expense to me," writes Mr. J. Allison Allen, of Amity, Arkansas. "But since I started to buy Neolin-soled shoes for him I have found that it costs only about a third as much to keep him in shoes."

This is because Neolin Soles are so tough and durable that they wear a very long time. Shoe bills are kept down because you don't need so many pairs.

You can get Neolin-soled shoes at almost any good shoe store. They come in all styles and for all members of the family. Neolin Soles are also available everywhere for re-soling. They are produced by a scientific process to be what soles ought to be: comfortable, waterproof and long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Speaking of Evil—

Here's an idea I want to pass on to you while it's hot. While we're in the business of reconstructing international ills, let's reconstruct some of our home-grown evils—particularly those that affect the farmer.

The COUNTRY GENTLEMAN

Says: Let's reconstruct the produce middleman and get better prices for both grower and consumer. Let's reconstruct the meat handler and give the stockman a chance. Let's reconstruct our whole marketing system.

Let's make the farmer's dollar bigger and its buy-power greater. Let's keep him in the future from thinking that he's the national goat—it's time that sort of thing was stopped. In a word, let's recognize the American farmer for what he is—the biggest business man in the world, deserving the biggest, broadest leadership that can be found—such leadership as THE COUNTRY GENTLEMAN, alone in its field, is giving today. SAYS TROOPS ARE PAID.

Finance Division Quartermaster Corps Denies Allegations.

Washington, Jan. 9.—Despite serious difficulties, due to lost records and insufficient data, payments are being made to troops as they arrive from overseas and "no casual or other enlisted man from overseas who has a legitimate claim for pay need go without funds," said a statement today by the finance division of the quartermaster corps. It has been charged in Congress and elsewhere that soldiers were being returned to this country and discharged without having been given their pay.

The division announced that to date a total of $1,694,114,660 has been paid to officers, soldiers and soldiers' dependents since the declaration of war. The division estimated that it will require $1,257,941,000 to pay officers and soldiers for the remainder of the current financial year and, should the Dent Bill, providing an extra month's pay for discharged officers and men, become a law, it is estimated that 153 million dollars additional will be needed.

An Enemy of Womanhood.

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such condition is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence. Adv.

Zeigler-Besgrove Wedding at Fayette.

The following account of the wedding of Coach L. E. Zeigler of the High School and Miss Ruth Besgrove of Fayette, which took place holiday week is taken from the Democrat-Leader of Fayette:

"A beautiful wedding ceremony was that of Miss Ruth Browning Besgrove and Mr. Leslie E. Zeigler, which took place at the home of the bride's parents, Mr. and Mrs. W. A. Besgrove, west of town Tuesday afternoon, December 24. Because of the heavy snow storm which made the roads nearly impassible on account of the drifts, many guests were unable to be present. The ceremony, which was to have occurred at half past twelve, was delayed because the minister and guests had great difficulty in making the trip. The house was beautifully decorated with holly, mistletoe, smilax and carnations, the green and white color scheme being carried out. The bridal party entered the parlor to the strains of Mendelsshon's wedding march played by Mrs. John Tolson, Jr., and took their places beneath a large white bell in the double doors. During the impressive ring ceremony said by Rev. G. O. Van Noy of Fayette, Mrs. Tolson played the "Flower Song." The bride was attended by Miss Catherine Thomas, maid of honor, and Miss Lillian Guinn, bridesmaid, while the groom's attendants were his brother, Will Zeigler of Bethel, Mo., and B. R. Wilson, of Richmond. Little Miss Catherine Tolson and Harold Baier, a cousin of the groom, were flower bearers. The bride was charming in a handsome gown fashioned of white satin with bead and pearl trimmings and her veil was held in place by a wreath of orange blossoms. She carried a shower bouquet of bride's roses Immediately following the ceremony, the guests were seated at the table and served a sumptuous four course wedding dinner. Many handsome presents of silver and cut glass were received by these popular young people. They left Christmas day for a wedding tour, after which they will be at home at Maryville, Mo."

The Penelope club met yesterday afternoon at the home of Mrs. John P. Price with twelve members present. The members turned in yesterday to Red Cross headquarters, through their chairman, Mrs. Dan R. Baker, four sets of hospital suits which they made yesterday afternoon and ten sweaters and four pairs of socks which was their knitting quota for the month. Following the working hour, refreshments were served by Mrs. Price, assisted by Mrs. Byron Frost, and a social hour was enjoyed.

Miss Maggie Seckington entertained at her home on East Fourth street Sunday, her guests being Mr. and Mrs. Ernest Moore, Miss Eva McMahan, Miss Lura Hostetter, and Edmond Clark.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

The Joy of Motherhood Told

Women Tell How They Made Event One of Great Happiness.

In every part of the land there are women who tell how, through the application of Mother's Friend, they entirely avoided the suffering usually incident to motherhood. They relate in no uncertain terms how from its use the days were made bright and cheerful and the nights calm and restful, how the crisis was passed without the usual suffering experienced when nature is unaided, and how they preserved their health and strength to devote it to the rearing of their children and to the things life holds for them.

Mother's Friend is a most penetrating remedy, prepared especially for expectant mothers from a formula of a noted physician. Strain upon the ligaments is avoided, and instead of a period of discomfort and constant dread it is a season of calm repose. The hours at the crisis are less and Mother's Friend enables the mother to retain her natural grace, and her skin is not cracked and does not become hard or disfigured.

Write to the Bradfield Regulator Company, Dept. L, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist today.

WHAT A [illegible] DID

THE STORY OF HOW GARRETT SCHOOL FOUND ITSELF.

A RECORD OF PROGRESS

Vitalized Agriculture and a School Board Alive to Needs Has Worked Transformation.

A year ago a visitor at Garrett school, three miles southeast of Maryville would have found the little unpainted rural school building just like thousands of others scattered over the country—uninviting, with bare walls and rows of desks, poor ventilation, inadequate heating facilities, a piece of blackboard that defied chalk and eraser, and some fifteen pupils dawdling over books, or reciting sing-song in an indifferent fashion the things they had tried to learn, the teacher doing her best to arouse enthusiasm for the work but with little success.

A year later finds conditions so changed that the visitor is amazed at the transformation that has taken place. Instead of bare walls nicely framed pictures hang at intervals, a new furnace and ventilating plant give a comfortable warmth, instead of a dilapidated black board is a new one that is easy to write on. But that is not all. A water fountain has been installed, an upright piano occupies one corner of the room and song books have been provided; a door mat at the entrance suggests that clean shoes are desirable, while a sand table offers opportunity to study typographical geography and other practical things.

Outside the school room are also evidences of activity for new and sanitary toilets have been built, a workshop has been built and completely equipped with all kinds of tools for carpentry and other work and around in front is a flag pole from which floats a handsome American flag.

What's the answer?

There are two answers, either, or both of which will do. Vitalized agriculture was introduced into the school and instead of having to memorize uninteresting figures and meaningless sentences new and compelling things—secrets that old mother earth had long been hiding—must be found out. That part of it is a long story.

Next, the school board members got the vision of a bigger and better school—a school that would be of real worth to the pupils and to the community and they set about seeing that the things necessary were provided.

And the pupils and teacher at Garrett school are proud of their efforts, for much of the improvement is the result of their own work, the work shop, the sand table, the flag pole, the pictures and a dozen other things that add to the attractiveness of the place and aid in practical schooling. And best of all, the teacher did not have to get up box socials, or pie suppers or plays or entertainments to secure the money necessary to purchase the things they wanted. The school directors fell in with the progressive idea and, with patrons of the school, soon effected the transformation. A year ago the pupils came to school with lagging steps and were eager for the closing hour. It's different now. The opening bell finds most of the pupils in their seats or rather about their work and the closing hour finds them too busy with carpentry, or seed testing, or fruit drying, or sewing or a dozen other things, to go home until late in the evening.

The vitalized agriculture plan was introduced last spring. This year the pupils are studying carpentry which includes making such things as mail boxes, wash benches, saw horses, tool cases, mitre boxes, book racks, coat hangers, drying racks, etc., for each of which working specifications are furnished. Then there is rope work, relaying and whipping, learning to tie various kinds of knots, making hitches, splicing, mending broken stands. The girls learn to do the same things as the boys and in addition are being taught sewing, which includes work for the Junior Red Cross.

A visitor the other day found a complete fruit drying plant in operation with apples and other fruits being dried by artificial heat. Last spring the pupils tested corn for every farmer in the district and little was planted that had not been tested. Most of the articles needed in the work are made in the shop or in the school room.

Miss Mary Watson is teacher at Garrett, this being her second year there. Fourteen pupils are enrolled with attendance equalling the enrollment.

Composing the school board are: George Sorrie, Charles Wells and Jesse Douglas.

BURIED BY HIS COMRADES

Lieut. O. L. Mowry, Who Died While Prisoner in Germany, Given Military Funeral at Villagen.

D. N. Mowry of Graham, brother of Lieut. Otto L. Mowry, who died of pneumonia while a prisoner in Germany, has received a letter from six of his comrades, members of the I. O. O. F., giving details of his death and telling of the burial service, also sending photographs which are of interest to the family. The letter follows:

Camp Villagen-Baden (Germany)
November 6th 1918.

Mr. D. N. Mowry, Graham, Mo.

Dear Sir: The members of the I. O. O. F. prisoners in Germany, grieve with you in the death of your brother and their comrade and brother, Otto L. Mowry. He was captured Aug. 22, 1918, near Fesmis, France, after being slightly wounded in the right hand and being slightly gased. He received medical attention and arrived in this camp (Villigen-in-Baden) Oct. 25th, 1918, suffering from a bad cold and probably LaGrippe. He was given the best medical attention and shortly thereafter taken to the hospital in this city. Nov. 2nd, 1918 he died of pneumonia. On Nov. 4th he was given a military funeral and was buried in the illigen cemetery, lot No.— The officers (prisoners) attended the funeral in a body and an English speaking Protestant minister conducted the services in a very impressive manner. The members of the I. O. O. F. acted as pall bearers and the German officer in command of the camp, in a few appropriate words, presented a wreath in behalf of the German officers and men, guaranteeing that the grave would be protected and cared for and his honor guarded as one of his own officers. Other flowers were presented by the officers of the camp, and the I. O. O. F.

To his family and friends we wish to offer our heartfelt sympathy, and at the same time are glad to be able to report that all possible was done for him during his short illness and that his burial was a Christian burial, and such we believe his family would have desired if actually present. Enclosed find a number of photographs which will be of interest.

OFFICERS ARE ELECTED

W. O. Garrett Heads Directorate with E. E. Carver, W. C. Pierce and O. J. Wilhoyte on Ex. Com.

A meeting of the board of directors concluded the annual meeting yesterday of stockholders of the Standard Poland China Record Association, the following being elected to serve in an official capacity during the year: Chas. D. Bellows, as treasurer; W. O. Garrett, chairman of the board of directors; members of the executive committee: E. E. Carver of Guilford and W. C. Pierce and O. J. Wilhoyte, both o Maryville.

On adoption of a resolution the bylaws of the association were changed to permit a meeting of the directorate immediately following the meeting of the stockholders, it having formerly been required to wait until the day following the stockholders meeting in order to hold a meeting of directors.

Yesterday afternoon was taken up with discussion of some of the plans for the coming year which included the giving of premiums at state and county fairs. The premium award committee will meet in the near future to determine what form the premiums shall take. Last year more than $1,000 was spent for silver cup trophies. It is expected that cash premiums will be added this year.

Officers and stockholders of the association expressed themselves as particularly pleased and gratified, not to say astonished at the remarkable and splendid showing made during the year when an increase of almost fifte per cent was shown in all departments of the business.. What had at first looked like it might be an off year, with members being interested in war activities and with restrictions in most lines of business proved to be no bar to Poland China expansion, and from 1917 receipts of $16,912 there was an unprecedented increase for the year to $24,510. The office, under the able direction and management of Secretary Frank Garrett, also came in for a large share of appreciation of the members.

The services were held at 1 o'clock yesterday afternoon at the home, Dr. and Mrs. C. H. Coe and M. L. Beattie of this city also attended the funeral. Mrs. Raines remained for a longer stay at Tarkio with her mother.

Mr. Emmert was one of the pioneer merchants of Tarkio and was widely known through this section of Missouri. He started in business there when a young man and remained continuously since. His daughter was the third white child born in the town. Mr. Emmert is survived by his wife, one daughter, Mrs. Raines, and two sons, Sam and H. B. Emmert.

LARGE CROWD IS EXPECTED

Meeting Tonight to Discuss Commission Plan and Coming Election Attracts Wide Attention.

With committees from the Commercial club disposing of tickets to the luncheon and meeting tonight at the Balnum hotel of citizens to discuss the commission government plan to be voted on next Tuesday, there promises to be a large attendance. While no formal program has been announced it is expected that the meeting will be in the nature of a discussion of points that may prove of benefit to Maryville and what the adoption of the plan would mean in the way of betterment for the city and its financial problems.

Members of the club are anxious to have a large representation of citizens, as opinions and expressions will be asked with a view to shedding all the light possible on the matter. The supper will be served at 6:45 and tickets may be secured of Secretary G. A. Pickens or may be had at the Balnum before supper. An invitation to attend is open to every citizen of Maryville.

JOB HUNTERS BUSY

ARMY OF CANDIDATES FLOCK TO JEFFERSON CITY.

A LARGE NUMSER WOMEN

Samuel F. O'Fallon of Holt County, Is Elected Speaker of the House By a Vote of 44 to 27.

Jefferson City, Mo.—The most remarkable feature of the gathering of the members of the legislature here is the augmented army of candidates for every job, both small and great, as legislative jobs go. It appears that most of the Democrats who held jobs in the house two years ago have now transferred their affections to the senate, since that body is Democratic and the house Republican.

A large number of women and girls want jobs. Between the two houses there will be about 500 jobs, and there is an average of from two to five candidates for each place. It seems that the women and girls far outnumber the men

An odd contest is on over folder of the senate. Mrs. F. M. Brown, a widow with three sons in France and Belgium, is seeking this place and three unusually pretty girls are in the same race. The girls have all the advantage of youth and good looks, while Mrs. Brown appeals to the patriotic side of the senators, most of whom have sons in the army. Two of Mrs. Brown's sons, both volunteers, and both with the fighting men are yet under age.

Samuel F. O'Fallon, representative from Holt county, was elected speaker of the house by a vote of 44 to 27 in the Republican house caucus. O'Fallon, who while he has not served in recent sessions, has a splendid legislative record earned in earlier years, was proposed for speaker immediately after the November election.

ROBERT GROOPE IS HOME

Will Spend Ten Days with Parents and Then Go to Reconstruction Hospital at Des Moines.

Robert Groppe, who has been attached to the 93rd Aero squadron in England, arrived in Maryville last night on a ten days furlough to be spent with his parents, Mr. and Mrs. Peter Groppe. At the expiration of his furlough, Robert will go to the reconstruction hospital at Fort Des Moines, Ia., to remain there for treatment for injuries received several months ago. He arrived in the States December 21, and remained in a camp at New York City until he was sent to Des Moines. He arrived there yesterday morning.

Robert was a mechanician in the air squadron. He entered military service in August, 1917, and was sent to England early the following spring. He was struck by a propeller blade of a plane and both arms were broken. One bone of the upper right arm was broken and both lower bones and one upper bone of his left arm were broken and the left elbow shattered. The left

GRADUATES READY

FINAL EXERCISES OF MID-WINTER CLASS FRIDAY NIGHT.

AWARD CLASS HONORS

Class Address by Rev. W. C. Ferguson Who Will Speak on "The Price of Power"—The Program.

Members of the mid-winter graduating class and their friends are eagerly anticipating the graduation exercises at the High School tomorrow night, the chief reason, aside from the fact that diplomas will be given, is that announcement will be made by Superintendent J. M. McDonald of class honors, for these are as highly prized as are the coveted sheepskin.

The class address will be delivered by Rev. W. C. Ferguson, of the First Baptist church, his theme being, "The Price of Power," following which the class will be presented by Principal L. E. Zeigler to the Board of Education; diplomas will be awarded by Prof. C. A. Hawkins, after which will come announcement of class honors.

Musical numbers will include a solo by Mrs. P. P. Robinson and the Class March by the High School orchestra.

The class play tonight by the young ladies of the class and other class exercises promises a large audience, for the graduating classes have established a reputation for presenting something worth while in whatever they undertake and their friends and the public have yet found no occasion to be disappointed. An admission of 25 cents for adults and 15 cents for school children will be charged tonight. There will be no admission charged for the graduation exercises Friday night.

STRIKE OF MARINE WORKERS

12,500 Out in New York, Tying up Business of City—Situation Believed to be Serious.

New York, Jan 9.—New York was paralyzed today as the result of the strike of practically 12,500 marine workers. The city and its environs were confronted with a situation which is believed by many to be the most precarious in its history. 3,000 additional boat captains, mates, firemen, water tenders and deck hands engaged on harbor craft in the sound or at sea are expected to strike during the day. A vote will be taken by 45,000 longshoremen tomorrow to determine whether they, too, will walk out.

STRATFORD SAUNDERS INJURED.

Badly Bruised When Knocked Down by Runaway Horse.

Stratford Saunders of Skidmore was quite badly injured yesterday when he was struck by a runaway horse and knocked down. His shoulder and side were badly hurt and he suffered numerous bruises.

The horse was one belonging to the mail carrier, Ed King. It became frightened and ran down the main street dragging the mail wagon. Mr. Saunders attempted to stop the animal and was knocked over.

SHOE PRICES TO BE HIGHER!

Shoe Men in National Convention Favor Conservative Styles.

Bruce Montgomery returned this morning from St. Louis, where he has been attending the convention of the National Shoe Retailer's association. He reports that it was the best and biggest convention ever held. The meetings were held at the Hotel Statler and over 3500 retail shoe dealers from all over the country were present. The dealers voted to keep styles and colors conservative for the next year. Brown, grey, black, and white will be the prevailing shoe colors for this year. Prices will be a little higher, due to the continued embargo on fine leather and the scarcity of skilled labor.

Bolshevists Are Said to be in Control in Dusseldorf, Mannheim, Ojerahausen and Other Cities—May Move Government From Berlin.

Berne, Jan. 9.—American troops will go to Berlin to restore order it is reported in Amsterdam today, according to a message from that city.

Zurich, Jan. 9.—That the German government has won a victory over the Spartacides is doubtful and official circles in Berlin expect the terrorist movement to continue for at least a fortnight, it was reported from the German frontier today. Fresh firing is said to have broken out in Berlin.

Copenhagen, Jan. 9.—Although late advices from Berlin state that government troops had entered and were gaining the upper hand over the Spartacides, a dispatch filed at noon yesterday and reaching here this morning said at that time the Spartacides were almost in control of the city in strategic points.

Berne, Jan. 9.—A new capital may be established in Germany and the seat of the government moved from Berlin to Thuringia in the central part of the country, the Frankfeurter Zeitung announced today.

Berlin, Jan. 9 (via Copenhagen). —German troops supporting the Ebert government entered Berlin today and drove back the Spartacides. Troops came from Potsdam. There was a struggle at the offices of the Wolff Bureau, where four loyal soldiers were killed. Spartacus troops were driven from the Tiergarten and the adjacent streets. Heavy forces of government troops are enroute to the city. As this dispatch is being filed local forces were fighting to recapture the building that the Spartacides occupied. The Spartacides were ejected from the state printing offices after sharp fighting. The government is again in control of the railways. The fighting is constant.

The government position was strengthened during the day and at six o'clock this evening traffic was recommenced on urban railways. Troops, including both regular and volunteers are coming to the support of the government. They are well equipped.

Copenhagen, Jan. 9.—Twelve hundred persons were killed and many were wounded in Berlin since last Monday. In Munich a mob of 5,000 unemployed men and women was attacked by machine guns, two being killed. In Dusseldorf a Bolshevik republic was proclaimed. In Scheria, a junker stronghold, the Bolsheviki were driven from the barracks and public buildings. The Spartacides are in complete control of Mannheim and Ojerhausen, the latter having proclaimed a Bolshevlki government. At Nurberg the Reds seized the newspapers and there are daily demonstrations in the streets. Munich, Hamburg and Frankfort are solid in favor of the Ebert government. Newspapers in Germany state that Berlin has become an insane asylum. The Reds captured the ammunition factory at Spandau and are storming the citizens.

Amsterdam, Jan. 9.—Allied troops are on their way to occupy Berlin at the request of Chancellor Ebert, according to a report circulated in Berlin today.

London, Jan. 9.—A hand grenade was thrown into a crowd of 10,000 persons in front of the chancellor's palace in Berlin and many were killed and wounded, said a Rotterdam dispatch to the Telegraph today.

How a Father Has Learned to Save Shoe Bills.

"My son is very hard on shoes, so keeping him properly shod has been quite an expense to me," writes Mr. J. Hilton Allen, of Amity, Arkansas. "But since I started to buy Neolin-soled shoes for him I have found that it costs only about a third as much to keep him in shoes."

This is because Neolin Soles are so tough and durable that they wear a very long time. Shoe bills are kept down because you don't need so many pairs.

You can get Neolin-soled shoes at almost any good shoe store. They come in all styles and for all members of the family. Neolin Soles are also available everywhere for re-soling. They are produced by a scientific process to be what soles ought to be: comfortable, waterproof and long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

SAYS TROOPS ARE PAID.

Finance Division Quartermaster Corps Denies Allegations.

Washington, Jan. 9.—Despite serious difficulties, due to lost records and insufficient data, payments are being made to troops as they arrive from overseas and "no casual or other enlisted man from overseas who has a legitimate claim for pay need go without funds," said a statement today by the finance division of the quartermaster corps. It has been charged in Congress and elsewhere that soldiers were being returned to this country and discharged without having been given their pay.

The division announced that to date a total of $1,694,114,660 has been paid to officers, soldiers and soldiers' dependents since the declaration of war. The division estimated that it will require $1,257,941,000 to pay officers and soldiers for the remainder of the current financial year and, should the Dent Bill, providing an extra month's pay for discharged officers and men, become a law, it is estimated that 153 million dollars additional will be needed.

Speaking of Evil—

Here's an idea I want to pass on to you while it's hot. While we're in the business of reconstructing international ills, let's reconstruct some of our home-grown evils—particularly those that affect the farmer.

The COUNTRY GENTLEMAN

Says: Let's reconstruct the produce middleman and get better prices for both grower and consumer. Let's reconstruct the meat handler and give the stockman a chance. Let's reconstruct our whole marketing system.

Let's make the farmer's dollar bigger and its buy-power greater. Let's keep him in the future from thinking that he's the national goat—it's time that sort of thing was stopped. In a word, let's recognize the American farmer for what he is—the biggest business man in the world, deserving the biggest, broadest leadership that can be found—such leadership as THE COUNTRY GENTLEMAN, alone in its field, is giving today. ONE DOLLAR will bring you this oldest and best farm periodical for 52 weeks.

Zeigler-Besgrove Wedding at Fayette.

The following account of the wedding of Coach L. E. Zeigler of the High School and Miss Ruth Besgrove of Fayette, which took place holiday week is taken from the Democrat-Leader of Fayette:

"A beautiful wedding ceremony was that of Miss Ruth Browning Besgrove and Mr. Leslie E. Zeigler, which took place at the home of the bride's parents, Mr. and Mrs. W. A. Besgrove, west of town Tuesday afternoon, December 24. Because of the heavy snow storm which made the roads nearly impassible on account of the drifts, many guests were unable to be present. The ceremony, which was to have occurred at half past twelve, was delayed because the minister and guests had great difficulty in making the trip. The house was beautifully decorated with holly, mistletoe, smilax and carnations, the green and white color scheme being carried out. The bridal party entered the parlor to the strains of Mendelsshon's wedding march played by Mrs. John Tolson, Jr., and took their places beneath a large white bell in the double doors. During the impressive ring ceremony said by Rev. G. O. Van Noy of Fayette, Mrs. Tolson played the "Flower Song." The bride was attended by Miss Catherine Thomas, maid of honor, and Miss Lillian Guinn, bridesmaid, while the groom's attendants were his brother, Will Zeigler of Bethel, Mo., and B. R. Wilson, of Richmond. Little Miss Catherine Tolson and Harold Baier, a cousin of the groom, were flower bearers. The bride was charming in a handsome gown fashioned of white satin with bead and pearl trimmings and her veil was held in place by a wreath of orange blossoms. She carried a shower bouquet of bride's roses Immediately following the ceremony, the guests were seated at the table and served a sumptuous four course wedding dinner. Many handsome presents of silver and cut glass were received by these popular young people. They left Christmas day for a wedding tour, after which they will be at home at Maryville, Mo."

The Penelope club met yesterday afternoon at the home of Mrs. John P. Price with twelve members present. The members turned in yesterday to Red Cross headquarters, through their chairman, Mrs. Dan R. Baker, four sets of hospital suits which they made yesterday afternoon and ten sweaters and four pairs of socks which was their knitting quota for the month. Following the working hour, refreshments were served by Mrs. Price, assisted by Mrs. Byron Frost, and a social hour was enjoyed.

Miss Maggie Seckington entertained at her home on East Fourth street Sunday, her guests being Mr. and Mrs. Ernest Moore, Miss Eva McMahan, Miss Lura Hostetter, and Edmond Clark.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increases as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

The Joy of Motherhood Told

Women Tell How They Made Event One of Great Happiness.

In every part of the land there are women who tell how, through the application of Mother's Friend, they entirely avoided the suffering usually incident to motherhood. They relate in no uncertain terms how from its use the days were made bright and cheerful and the nights calm and restful, how the crisis was passed without the usual suffering experienced when nature is unaided, and how they preserved their health and strength to devote it to the rearing of their children and to the things life holds for them.

Mother's Friend is a most penetrating remedy, prepared especially for expectant mothers from a formula of a noted physician. Strain upon the ligaments is avoided, and instead of a period of discomfort and constant dread it is a season of calm repose. The hours at the crisis are less, and Mother's Friend enables the mother to retain her natural grace, and her skin is not cracked and does not become hard or disfigured.

Write to the Bradfield Regulator Company, Dept. L, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist today.
